Barry,

Thanks for your quick response, I will share this with our finance folks and will keep you updated with the budget situation.

Ben

Subject: EPA R6/FWS IA

Ben,

Thank you for taking time to speak with me this morning. It appears that my technical support will be needed for 3 sites (Tar Creek OU5, Wilcox Oil, and Delta Shipyard). The other site (Donna Canal) I will be supporting is being funded by the Removal Program, and they are currently working on that.

I had spoken with Katrina (RPM for both TC5 and Wilcox) about support needs. Since Brian wasn't in, I used similar assumptions for Delta Shipyard to calculate my level of support.

I've attached 2 documents that are prepared from the USFWS Cost Estimating Tool. All projects utilized a 22% indirect rate and a 10% contingency rate. The grand total needed to support these 3 sites, by me, is **\$56,806.93**.

Regards,

Barry
